

# Draft List of buildings in Halstead, Essex, on the National list for England

## Version 1, November 2021

This is the first stage of a list being drawn up **Halstead 21<sup>st</sup> Century Group** and **Halstead & District Local History Society**. Its purpose is to make access to the details of listed buildings easier. As the earliest version, the details are limited and currently consist of street names and grade of listing, however, each entry includes a link to the relevant Historic England entry.

Further additions envisaged are images present and past, owners, and other key information, but like any work in progress, this may change.
